

Canine History Form

This form should be discussed with all family/ household members and completed with as much information as possible.

If it is safe to do so, please provide video footage of the behaviour.

Please return your completed form to: info@juvo-ab.co.uk at least one week prior to your consultation.

About You

Full name:

Address:

Telephone number/s:

Email:

What previous experience do you have with dogs?

Why did you choose this particular dog?

Briefly explain the reason for contacting me about your dog:

Your Home

Type of home (e.g. terraced house):

Degree of access by your dog:

Other people at home:

Name	Age	Relationship to you	Relationship with the dog

Other animals at home:

Name	Species & Breed	Age	Gender/ Neutered

About Your Dog

Name:

Breed (if cross, list any breed known):

Sex: Male / Female – Intact / Neutered

Date of birth (if unknown, please estimate):

Insured: Yes / No

Last vaccinated:

Last wormed & product used:

Last flea treated & product used:

Is your dog currently on any medications or supplements? (If yes, please provide name and dosage):

Has your dog ever been on any medication for his/ her behaviour? (If yes, please provide name and dosage):

Known medical history:

Early History

Age when obtained:

Source:

Any details of early life known (i.e. litter size, illness, rehoming):

How was your dog housetrained?

How were mishaps treated at this time?

The Current Problem

When did it begin?

How long has it been present?

How old was your dog when it started?

Where does it occur?

Who with?

How frequently does it occur? (Times per day, week, month or year):

Please describe the first time that the behaviour happened in as much detail as you can recall:

Please describe the most recent incidence of the behaviour:

Please describe one other occasion in which the behaviour occurred:

What has been done to correct the problem? (Please indicate if each measure has helped, made no difference, or made things worse):

Is the problem getting: Better/ Worse/ No Change

Do you suspect any cause?

Are there any other behavioural problems?

What are the feelings of each family member about your dog's present behaviour?

In an ideal world, what would you hope to achieve with your dog?

What are the essential changes you need to be able to continue to live with him/her?

Under what circumstances would you consider euthanasia?

Are there any other details that you would like to add which you feel are relevant?

For Cases Involving Aggressive Behaviour

Please describe the most recent incident and the setting in which it occurred. Try to be as precise as possible. Where was your dog? Where was everyone else in relation to your dog? What was everyone (including the dog) doing before the incident? What did your dog do exactly and what did s/he look like just before and after the event?

Are you aware of a trigger for the behaviour?

Were you aware of any warning signs before the incident?

What was your immediate reaction?

What was the reaction of the victim?

How did your dog respond to this reaction?

If there was a bite wound, where was it located on the body and what kind of wound was it? (Puncture, tear, bruise):
